

Which **BREAK THE BODIES, HAUNT THE BONES** character are you?

HOW DID YOU GET HERE?

weaned on machines

sailed on sadness

arose under starlight

WHAT WILL
BREAK YOU?

WHY DID
YOU COME?

WHAT WILL
RESURRECT YOU?

kindness

loyalty

a light left
burning

what's left
undone

TO DESTROY
THE FUTURE

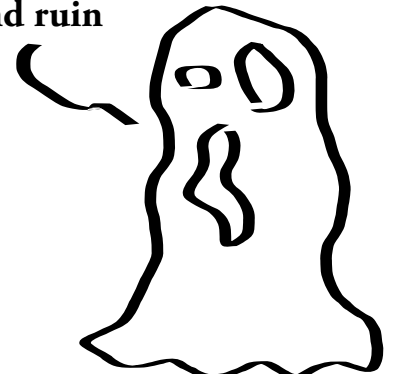

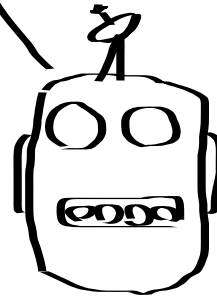

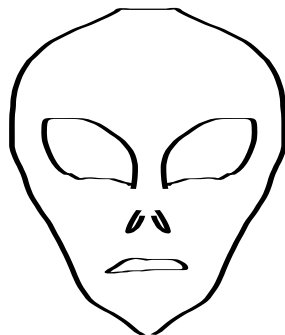

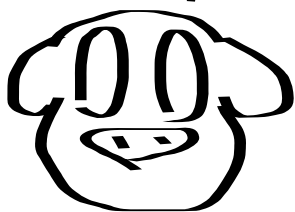

TO COVER
THE PAST

for the one
you love

with earth
and song

for the good
of us all

with frost
and ruin

PIG PERSON

ALIEN

LOVESICK ROBOT

RESTLESS GHOST

A pig carved apart, bent into human shape, and stitched back together. The world is new and wonderful and yours.

A blistering spark of heat and magnetism from beyond the stars. Try to remember that humans are fragile.

Made of old car parts and leaking batteries. Stop and appreciate the small things when you're out burying bodies.

A steaming cloud of breath and memory. You know you've said all this before. That doesn't mean you won't say it again.
